BIRDS OF PASSAGE (NR)

In Spanish with English Subtitles

From the Oscar-nominated team behind the genre-defying *Embrace of the Serpent*, comes an equally audacious saga centered on the Wayu indigenous people during a crucial period in recent Colombian history involving the drug trafficking business in the 1970s. A sprawling epic about the erosion of tradition in pursuit of material wealth and a visually striking exploration of loyalty, greed, and the voracious nature of change.
